Sharing in Cwmpawd

It is possible to share activities in Cwmpawd three ways.

• Share to User

A code will be generated to give to other users who would like a copy of an activity.

• Share to Class

An activity can be copied to other classes that you have access to.

• Public

A copy of the activity will be publicly accessible for other Cwmpawd users to use.

Sharing an Activity

To share an activity, find the activity that you have written and click on the pencil to edit.
